As per RTPP Act section 12, the description of the subject matter of procurement should be such as to meet the essential needs of the procuring entity, should be generic and should not indicate a requirement for a particular trade mark, trade name or brand hence the N.I.B. under consideration is liable to be cancelled as proposed at N/41.

47

Earlier 'G' schedule was not with bid documents while file came to finance for vetting the terms & conditions at N/33. 'G' schedule is exclusively concerned with Engr. Cell.

48

Now there is no alternative except to approve N/41.

Submitted.
