MINUTES OF PRE-BID MEETING

NIB No:EE-I/15/25-26 for the work “**Widening of Existing High Level Bridge Near Vidhyashram School and Dainik Bhaskar Newspaper office, JDA, Jaipur**” was issued on 21.08.2025. It was published in two local news paper 'Dainik Rajasthan Patrika', ‘Jalte Deep’ and in one national newspaper ‘Times of India’ on 23.08.2025. The tender documents were uploaded on JDA website, SPP Portal and Eproc portal of GOR on 21.08.2025 wherein the pre-bid meeting was proposed to be held on 08.09.2025 and last date of receipt of tender as 23.09.2025. The sale of bid document is from 25.08.2025 onwards and is up to 23.09.2025.

Following are proceeding of pre-bid meeting:-

1. Pre-bid meeting was held on 08.09.2025 in ‘Manthan Hall of JDA’ under the Chairmanship of Director (Engineering-I), JDA which was attended by prospective bidders and officers of JDA as per attendance sheet (*Annexure-1*)
2. After brief introduction of the participants/officers, the pre-bid queries were started to be made by the participants representing their organization/firm. The queries made and decisions so given are as follows *which will become the part of tender document and references of sections/ paras / clauses are as per the bid document put to sale.*

Agency No.-1		
S. No.	Queries	Decisions taken
1.	With regards it submitted that your kind self have invited tender for the work of Widening of Existing High Level Bridge Near Vidhyashram School and Dainik Bhaskar Newspaper office, JDA, Jaipur. (Copy of NIT Enclosed -1) You are requested to kindly refer clause 2(e) under SPECIAL CONDITION OF THE CONTRACT FOR PRE QUALIFICATION OF CONTRACTORS which reads as under:	2(e) Bid Capacity: Bidders who meet the minimum qualification criteria will be qualified only if available bid capacity is equal to or more than the total Bid value. The available bid capacity will be

'Cl. 2(e) Bid Capacity: Bidders who meet the minimum qualification criteria will be qualified only if available bid capacity is equal to or more than the total Bid value.

The available bid capacity will be calculated as under:

$$\text{Bid Capacity} = (A \times N \times 3 - B)$$

Where,

A = Maximum value of civil engineering work of similar nature (i.e. Construction of ROB/RUB/Grade Separator/High Level Bridge/Elevated Road involving Composite Steel Girder work) executed in any one year during the last seven financial years (updated to present Price level) taking in to account the completed as well as works in progress. However, the bidder may opt current year in the seven year assessment period.

N = Number of year prescribed for completion of the work for which bids are invited.

In present case value of N shall be 1.0

B= Value, at present price level of existing commitments and ongoing works to be executed during 'N' period (period prescribed for completion of the works for which the bids are invited)

(Copy of condition enclosed - 2)

Submission of applicant in regard to above condition 2(e) for determining the value of 'A' is:

- a. That above condition of tender document is illegal and arbitrary and in contravention to the Notification dated 04.07.2019 issued by Govt. of India, Ministry of Finance, Department of Expenditure, Public Procurement Division, Lok Nayak Bhawan, New Delhi. (Annexure - 3). This notification categorically précised scope of A i.e.

calculated as under:

$$\text{Bid Capacity} = (A \times N \times 3 - B)$$

Where

A= Maximum value of civil engineering work executed in any one year during the last seven financial years (updated to present Price level) taking in to account the completed as well as works in progress. However, the bidder may opt current year in the seven year

assessment period

N= Number of year prescribed for completion of the work for which bids

are invited. In present case value of N shall be 1.00

B= Value, at present price level of existing commitments and ongoing works to be executed during 'N' period (period prescribed for completion of the works for which the bids are invited)

maximum civil engineering works executed in any one year during preceding 5 years i.e. A shall include all civil engineering works executed in that particular year. For Calculation of 'A' procuring entity may require works in following categories:

- i. Civil Engineering
- ii. Electrical Engineering
- iii. Mechanical Engineering

Procurement entity arbitrarily cannot decide in civil engineering works that only road works will be considered/Only Earth Work will be considered/only bridge work will be considered/only building work will be considered/only masonry work will be considered. It is very much apparent that maximum value if civil engineering works include all civil engineering work & distinction shall be illegal & arbitrary. To ensure technical knowhow, infrastructure, capability to execute any work shall be determined by work of similar nature executed by tenderer in preceding 5 years. Constitution of India Guarantees Rule of Law & No Authority enjoys absolute power. Change in tender condition in arbitrary manner leads to nepotism & favoritism which is not permitted in law. To access capability of tenderer to execute specific work shall be determined by work of similar nature executed by tenderer & it cannot be replaced or substitute total financial turnover because total financial turnover is basis of evaluation of capability of any tender to execute all civil engineering work in any one financial year.

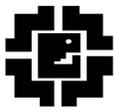

- b. To ascertain whether tenderer is well worse with nature and complexity of tendered work, Certificate has been sought under Cl. 2(b) of SPECIAL CONDITION OF THE CONTRACT FOR PRE QUALIFICATION OF CONTRACTORS i.e. Single Work Order of Similar Nature.

c. It is relevant to mention that Controller Auditor General of India, have also issued guidelines regarding calculation of Bid Capacity (Annexure - 4). Direction is very much specific and well defined. For calculation of value of maximum civil engineering works executed in any one year during preceding 5 years i.e. A shall include all civil engineering works executed in that particular year. It cannot be selective however; Tender Procurement Entity may put condition for nature of specific work in condition of similar nature of work.

In view of the above submission and notifications as stated above, it is most humbly requested that the tender condition under Clause 2(e) be amended in accordance to law of land:

"A = Maximum value of civil engineering works executed in any one year during the last seven financial years (updated to present price level), taking into account the completed as well as works in progress. However, the bidder may opt current year in the seven-year assessment period."
